Mongodb 4 years · Intermediate

Elasticsearch 3 years · Intermediate

Docker 4 years · Intermediate

Flask-Python 4 years · Advanced

Django-python 4 years · Intermediate

AWS · Intermediate

Experience

Ayoconnect ayoconnect.id

Apr 2022 to Nov 2023

Senior Software Developer Pune

I am working as software developer, actively working on api integration with different banks and creation of open banking application.

I have developed chaining pattern to quickly create, debug ,extend api development process. It has been adopted in all new project.

Beside it, also working on open source project. Gorilla Toolkit is achieved. Working on a new webtoolkit and cli-toolkit for speedup of development work.

I have worked on

1. neo banking process setup
2. virtual card setup
3. mastercard payment integration
4. multiple payment gateway integration

- recharge , account opening , account analytics
