Senior Sales Professional

(B2B – SaaS)

Software/Services Evangelist | Revenue Generator | Account Management | Opportunity Creator

I have successfully marketed and sold Fintech offerings such as Payroll/HRMS, Business Banking, Payment gateway and Payout tools. I have worked in Business Development, Partnerships and Strategy and revenue planning.

WORK EXPERIENCE (5+ years)

Razorpay Software Private Limited (India) [2020 - present]

Senior Sales Specialist -

Razorpay XPayroll

- Manage end to end sales process : outbound/in-bound lead generation → Farming/Nurturing Leads → Conversion to Opportunity → Closing Deals → Account Management/Post Sales Support ● Manage existing accounts and seek for opportunities to cross/up sell products/services. ● Exceed monthly/quarterly sales targets by selling the XPayroll platform of Razorpay into enterprise and SME accounts and within an assigned geographical or vertical market.
 - My ticket size is Rs. 140,000~ per customer.
 - I have contributed to a revenue of Rs. 14,00,000~ over the course of Q4 2023.
- Managed a team of 6 SDRs and was responsible to drive growth on that end as well. Increased lead to opportunity conversion by 13%. This in turn boosted revenue by 27% overall.
- Achieved a 20% QoQ revenue growth in cross-selling and upselling
 - RazorpayX Suite - Business Banking and S2P
 - Razorpay PG suite - Payment gateway, payout links and magic checkout.

Expat Partners (Currently: Anywhr) (India) [2019 - 2020]

Executive - Global Immigration & Partnerships

- Part of the Partnerships Team. I was responsible for hunting, engaging and closing on Immigration partners.
- Also had the KRA to manage accounts of our end customers availing immigrations services. I handled key

accounts such as HCL & Mahindra and Mahindra.

- Subject matter expert for Indian immigration processes.
- I was part of the Branding team, involved in content writing.

IDBI Federal Life Insurance (India) [2018]

Intern - Wealth Consultant

- Researched and created a leads pool from given data.
- Approaching potential prospects and based on their need and suggesting the correlating insurance product to create a prospect pool. Post this I was supposed to close them to
- I was able to meet the target of converting 5 prospects out of a pool of 56.
