SUMMARY

Customer Success Manager with demonstrated record of generating expansion revenue, optimizing operations, increasing product adoption and achieving renewals
Data Analyst with a proven ability to leverage data to drive revenue-impacting outcomes

EMPLOYMENT HISTORY

Customer Success Manager - Smartkarrot

Bengaluru, Karnataka June 2022 - July 2023

- Worked with Customer Success Managers to assist with On-boarding and Product Implementation cycles
- Worked with clients to help them set up, track and navigate Customer Success Data - across a total of 1500+ accounts and their attributes, over 50 CSMs and their performance metrics, a cumulative ARR of over \$ 2.5M, over 10,000 active users and user activity of over 100K clicks per month
- Helped clients track Customer Success KPIs - Churn, Renewals, NRR, Expansion, Product Adoption etc. on a regular basis via dashboards and reports, identified and implemented strategies to improve them on a Quarterly Basis
- Conducted QBRs to review and realign goals and targets for ensuing quarters, obtain product feedback, introduce product road maps and resolve any existing major issues
- Worked on Internal Projects with team members to improve product road-map, create Customer Education modules and optimize CS processes and operations.

Customer Success Manager - Townhall (Previously Townscript)

Pune, Maharashtra February 2021 - June 2022

- End to end management of the entire event life-cycle - from client

on-boarding, registrations and ticketing to real time event management to post-event analytics for both virtual and in-person events

- Successfully Managed over 200 events including recurring events with big industry names like Boeing Aircraft, NSE, Times Network, ASME.
- Conceptualized and helped develop an ad-hoc solution to help manage and collate data from different sources of registrations for event organizers to create database for marketing and promotional purposes.
- Managed customer support teams to work on support related KPIs and developed and implemented strategies to decrease response time by 50% and boost CSAT scores by 50%
- Managed over 40 Accounts worth over ARR Rs. 6 Cr with NRR over 115%
