

ZIYAALI SHAMSI

☎ +91-9033246370 | ✉ ziyaali.t.shamsi@gmail.com | [in](#) [ziya-ali-shamsi](#)

Education

2019 **B.Tech. Mechanical Engineering**, Indian Institute of Technology, Bombay
2015 **Intermediate**, Navrachana School
2013 **Matriculation**, Bright Day School

GPA 8.56
Score 95.4%
GPA 10.00

Work Experience

Citicorp Services India Private Limited - Engineering Analyst

Pune, India

SONIC STORAGE AUTOMATION TEAM

Aug 2021 - Present

- Worked as a **full stack developer** to optimize and stream-line the process of provisioning **NAS drives** (Network Attached Storage) for internal developers, reducing time and efforts from **6 months to 10 seconds**
- Visualised and developed a system to facilitate users to track their **NAS drive usage, performance, cost, notifications and alert system** increasing our user base significantly to **more than 50%**
- Designed storage management solutions to reduce wastage of storage space by **60%** and **saved 0.5 million dollars** for the company by **reclaiming 321TB** of storage space at the time of deployment
- Created an innovative approach for **migration of UI framework** seamlessly by running two instances of UI
- Received **Citi Gratitude Gold Award** for consistent & committed work to continue improvements in SONIC

COMMODITIES MARKET DATA TEAM

Aug 2020 - Jul 2021

- Contributed to the improvement of the CMD Data Viewer UI to make it more user friendly using **ReactJS**
- Worked on **Shell, PERL and UNIX** to fetch, modify and onboard data to ZEMA & developed data reports based on the requirements of the front office making it available for analysis
- Received **Citi Gratitude Special Mention** for excellent work and contribution

CROWD-SOURCED QUIZ CREATOR APP

Dec 2019 - Jul 2020

- Created a crowd-sourced quiz creator web application using **NodeJS, HTML5, CSS3 and MongoDB**
- Developed a platform to ease out the **hiring process** where users can create quizzes on desired topics
- Implemented the functionalities of adding questions; viewing, rating and answering other users' questions

WORMHOLE PROJECT (PROMETHEUS PROGRAM)

Feb 2022 - Mar 2022

- Enhanced the **NLP Engine** for an End User Computing with XLS based in-built functions using **NLTK library**

Academic Projects

Polynomial Class

Guide: Professor Varsha Apte

POLYNOMIAL ENGINE IN C++: COMPUTER PROGRAMMING AND UTILIZATION

Oct 2015

- Implemented algorithms to perform **arithmetic operations**, integration & differentiation on polynomials
- Constructed a **Graph Plotter** for polynomials with appropriate scaling factors using **simplecpp**

Development of Navier Stokes Solver

Guide: Professor Atul Sharma

LID DRIVEN CAVITY FLOW: COMPUTATIONAL FLUID DYNAMICS AND HEAT TRANSFER

Oct 2017

- Created a finite volume based two dimensional **Navier Stokes solver** in **SciLab** to analyse lid driven cavity flow using semi implicit method for **Cartesian geometry** on a uniform staggered grid
- Obtained velocity and pressure contours at steady state for different grid sizes

Skills & Courses

Frontend ReactJS, Redux, VueJS, Vuex, Pinia, HTML5, CSS3, Javascript

Backend NodeJS, Express, Python, Typescript, MongoDB, C++, REST API

Courses NLP with Classification and Vector Spaces, Data Structures and Algorithms, System Design

Achievements & Accolades

2015 **All India Rank 447**, JEE Advanced
2008 **2nd Position in Team Kata**, 11th AIWKA All India Karate Championship
2009 **1st Position in Individual Kata**, 11th All Gujarat Shotokan Karate Championship
2012 **2nd Position in 4x100m relay**, District level athletics competition
