WORK EXPERIENCE

Inside Sales Manager

June 2020 – November 2023

CedCoss Technologies

- Collaborated with cross-functional teams to gather and document business requirements for new software implementations for e-commerce sellers, resulting in a 20% increase in operational efficiency.
- Conducted in-depth analysis of existing business processes, identified gaps, and proposed process improvements, leading to a 15% reduction in overall project costs.
- Facilitated meetings and workshops with stakeholders to elicit and prioritize requirements, ensuring alignment between business needs and technical solutions.
- Developed and maintained comprehensive project documentation, including functional specifications, use cases, and user stories.
- Worked closely with the development team to ensure accurate implementation of business requirements and conducted user acceptance testing to validate system functionality.
- Utilized data analysis tools to extract insights from large datasets, enabling data-driven decision-making and identifying areas for performance optimization. Assisted in the creation and implementation of data governance policies, ensuring data integrity and compliance with regulatory requirements.
- Acted as a liaison between business stakeholders and technical teams, translating business needs into technical requirements and ensuring successful project delivery.
- Proactively identified and addressed potential risks and issues, minimizing their impact on project timelines and deliverables.
- Collaborated with the training team to develop user training materials and deliver training sessions to end-users, facilitating smooth transition and adoption of new systems.

Customer Service Representative

January 2019 – May 2020

ICICI BANK

- Provided the full range of customer service, account management, and financial services support.
- Assisted staff with loan and deposit applications, and answered general questions about all services and banking products.
- Managed customer profiles, opened new bank deposit accounts, and processed deposits and loan products.
- Described promotional offers and used persuasive sales techniques to upsell services and/or convince clients to apply for additional banking services.
- Communicate effectively with customers, managers, and co-workers through a variety of channels including email, phone, traditional mail, and through the use of various office machines
- Maintained and reviewed Transaction using FINNACLE.

PROJECTS

CedCommerce Wish Integration

This app offers sellers multichannel selling opportunities and helps them easily connect their Shopify Store with the Wish marketplace.

CedCommerce Reverb Integration

This app helps in listing Musical Instruments on Reverb in just a few clicks from Shopify.

CedCommerce Amazon Channel

This app is a multichannel integration solution that connects Shopify store with the Amazon marketplace.

Zoho Inventory Integration Solution

The app is best suited for merchants who wish to go multichannel and sell across multiple online platforms like BigCommerce, WooCommerce and Magento.
