

Yashasvi Sinha

Email: yash.india.12@gmail.com | Mobile No: +91 7909089424 | Location: Hyderabad, India

EDUCATION

NATIONAL INSTITUTE OF TECHNOLOGY TRICHY

B.TECH IN METALLURGICAL AND
MATERIALS ENGG (2017-2021)
CGPA: 8.15

DAV PUBLIC SCHOOL PATNA

Class XIIth - 90.4% (2016)
Class Xth - 85.5% (2014)

COURSEWORK

- C/C++ •OOPs
- Cloud Computing
- Data Structures
- Algorithms
- OS •DBMS
- Computer Networks

SKILLS

PROGRAMMING LANGUAGES

- Java • JavaScript
- Bash • C • C++ • Python

BACKEND DEVELOPMENT

- Spring Boot • Helidon
- Docker • Kubernetes • REST API
- Jenkins

WEB DEVELOPMENT

- HTML • CSS • React

OTHER SKILLS

- Git and Version Control •SQL
- Shell Scripting •CI/CD

SUMMARY

A self-motivated Software Engineer with over 3.5 years of experience in developing software solutions using a diverse range of technologies. Having strong communication and leadership skills, looking forward to solve complex technical challenges.

EXPERIENCE

SENIOR SOFTWARE ENGINEER - Oracle India Pvt Ltd

Nov 2023 - Present | Hyderabad, India

Fusion Application Build System

- Developed an application to register and build new services, with all data stored in an encapsulated database.
- Integrated external APIs for real-time service retrieval and implemented a CLI tool to process service dependencies information in the background.
- Lead a team of 4 to propel the project forward.

Local Pipelines Orchestration Tool on MacOS

- Developed assistant applications based on Microservice architecture, exposing REST APIs simulating an environment for Continuous Deployment (CD) right from MacOS.
- Achieved a 30% reduction in infrastructure load and error-prone environments through optimized design and implementation.
- Containerization of the tools to support pipelines across all platforms.

SOFTWARE ENGINEER - Oracle India Pvt Ltd

July 2021 - Oct 2023 | Hyderabad, India

Lifecycle Management Application

- Developed the responsive UI (Single Page Web Application) using React, integrated with BugDB API, JIRA API and the application's Server Side REST APIs configured using Spring Boot for streaming approval process.
- Deployment, Monitoring and Optimization of the Web Application.

CI/CD Pipelines Orchestration Tool Framework

- Designed and Built a new CI/CD/Test Pipeline for a Custom defined Project Type - A collection of Business Objects and Build Metadata as per the Build Service that exposes information required from Databases when deployed.
- Designed and Implemented an Algorithm to address Internal Dependency issue and prepare a build order cutting down the build time by 50%.
- Developed Audit Framework to catch and report build metadata violations to ensure the code is being built as per the highest industry standards.
- Maintaining and Updating User Guides, Pipeline Design and Release Notes.

WEB DEVELOPMENT INSTRUCTOR - GirlScript Foundation

April 2020 - July 2020

- Instructed fundamental and advanced web development topics to multiple batches of eager learners.

ACADEMIC ACHIEVEMENTS

- Recipient of RECAL Scholarship 2019, 2020, out of 400+ applicants, NIT Trichy.
- Secured Global Rank 826, in Codechef's April Long Challenge 2020.
- 4 Star Coder on Codechef.
- 5 Stars - Problem Solving (Hackerrank)
- 5 Stars - SQL (Hackerrank)
- UCMAS'08, State rank 4 title holder (Karnataka).
