ABOUT ME

Entrepreneur and Product Leader with 5+ years in product management, specializing in data-driven insights, cross-functional collaboration, and creating user-centred solutions that scale.

Specialized in marketplaces & network effects products with experience in user acquisition, activation, retention, and revenue growth.

EXPERIENCE

Nov 2019 - Present **FLATSHARE(joinflatshare.com)**

Founder and Product Leader

- Identified a latent & an underserved need & created a unique differentiated product to enter a crowded market.
- Launched the Android app in public beta in August 2022, and optimized the user flow based on the initial feedback.
- Established product analytics infrastructure using Mixpanel and Google Analytics to track key metrics including CAC, retention, and user engagement.
- Tested & iterated the product with over 35000+ members across India.

July 2019 - Oct 2019 **DAILYNINJA**

Product Growth(Activation, Retention and Revenue)

- DailyNinja is a hyperlocal platform to manage your daily needs funded by Sequoia and Matrix Partners.
- Optimized product through simplifying key user flows.
- Worked on notifications and rewards program to increase the product's retention and engagement

Sep 2018 - April 2019 **CASHFLO**

Generalist/Manager - Supply Chain Finance

- Worked closely with the founders on different aspects of the business across Product, Analytics, and Strategy.
- Defined funnels for event tracking using Mixpanel to monitor growth, and identify and solve key issues in user adoption.
- Defined and tracked business KPIs and dashboards using Metabase.

July 2017 - April 2018 **AGNIKET**

Co-Founder

- Agniket helped farmers take their produce to market faster, thereby minimizing wastage, and enabling businesses to avail better quality products at a better price.
- Achieved Sales of over 400 tonnes in 9 months.

EDUCATION

St Francis Institute of Technology

2013 - 2017 | Bachelor of engineering in computer science

SIDE PROJECT

Aug 2015 - May 2016 **SmartCashBack**

- SmartCashback helped consumers save money whenever they shopped online on their favourite stores. It was a simple website I built over a weekend.
