Senior iOS Developer | 9+ Years Experience | Swift | SwiftUI | Drone Automation Expert

Professional Summary

Experienced and passionate Senior iOS Developer with over 9 years of expertise in designing and developing robust, scalable, and user-centric mobile applications. Adept at working in Agile startup environments, taking products from idea to production. Proven ability to lead and mentor development teams, ensuring high-quality code and timely delivery. Strong proficiency in Swift, SwiftUI, Combine, Objective-C, RxSwift, and DJI SDK for flight automation. Demonstrated success in product development, team leadership, and cross-functional collaboration across globally distributed teams.

Technical Skills

Languages & Frameworks: Swift, SwiftUI, Objective-C, Combine, RxSwift, CoreML, Vision, Speech, XCTest

Architectures: MVC, MVVM

Mobile Tech: Core Data, Realm, BLE Sensors, APNS, Firebase, Remote Config, Crashlytics

Cloud & DevOps: GCP, CI/CD (Github Actions), Firebase, FTP

Mapping & Location: MapKit, Google Maps, Mapbox, Core Location

Other Tools: DJI SDK, Git, Xcode, JIRA, Slack, Javascript

Professional Experience

Turing | Swift Engineer

Sep 2024 – Apr 2025

- Worked on Swift-based solutions for training the LLMs by providing raw data.
- Integrated scalable architecture using Combine, CoreML, Speech, Vision, and SwiftUI.
- Collaborated with international teams to deliver quality tasks.

Aerologix Pty Ltd (Bangalore) | Team Lead – iOS

Jul 2022 – Jul 2024

- Led iOS team in developing Aerologix Fly, a drone automation app using DJI SDK.
- Designed flight algorithms and managed app store release and analytics.
- Mentored junior developers, conducted code reviews, and improved team delivery pipelines.

Aerologix Pty Ltd (Bangalore) | Senior iOS Developer

Oct 2019 – Jul 2022

- Built the Aerologix app connecting drone pilots with job opportunities.

- Implemented map features, Firebase integration, and performance improvements.
- Collaborated with the product team to iterate rapidly based on user feedback.

iNube Software Solutions (Bangalore) | iOS Developer

Jul 2018 – Oct 2019

- Developed insurance applications for AU Small Finance Bank.
- Worked on core insurance functionalities and app publishing.

Web Project Pvt Ltd (Mohali) | iOS Developer

Oct 2016 – April 2018

- Built and maintained apps in health, fitness, and e-commerce.
- Tuned performance, managed local storage, and APNS integration.

Key Projects

Aerologix Fly

- **Stack:** Swift, RxSwift, Objective-C, MVVM, DJI SDK, CoreData, Firebase, Crashlytics, APNS
- Developed a DJI-based drone automation system from scratch.
- [App Store Link](#)

Aerologix

- **Stack:** Swift, Objective-C, MVC, Mapbox, Firebase, Google map, Crashlytics, APNS
- Connected licensed drone operators with jobs across Australia and New Zealand.
- [App Store Link](#)

Chola MS Zing

- **Stack:** Swift, MVC, Firebase
- An insurance app for AU Bank partners.
- [App Store Link](#)

m-Chatra (Royal Sundaram)

- **Stack:** Swift, MVC, Firebase
- Policyholder support app for Royal Sundaram.

- [App Store Link](#)

Revbox Power App

- **Stack:** Objective-C, MVC, In-app purchase, BLE Sensors, Core Bluetooth, APNS
- Cycling performance tracking app integrating with third-party services.
- [App Store Link](#)

Feel The Byrne

- **Stack:** Swift, MVC, Firebase, Core Data, APNS
- Health & fitness trainer app with daily workout content.
- [App Store Link](#)

SugarySixPack

- **Stack:** Swift, MVC, CoreData, APNS
- Fitness app with multiple circuits and training videos.
- [App Store Link](#)

Pricelizer

- **Stack:** Swift, MVC, Firebase, CoreData, APNS
- Wishlist and price-tracking app with push notifications for sales.
- [App Store Link](#)

Education

MCA – Birla Institute of Technology, Mesra
BCA – Kurukshetra University
