WORK EXPERIENCE - 2 YRS

Associate Product Designer

Jan 2022 - Feb 2023

Scripbox, Bangalore

- Collaborated with product managers and development teams to strategically plan and execute high-impact features, driving exceptional customer engagement and substantial growth in user's share of wallet.
- Leveraged user testing and analysis of user data to identify pain points and proactively enhance product usability and elevate user experience.
- Played a key role in advancing our in-house design system, ensuring standardisation and enabling rapid design iterations, ultimately streamlining workflows and fostering consistent and efficient design practices across projects.
- Navigated product feature challenges influenced by government regulations, developing compliant solutions that maintained product integrity, while minimising disruption to the user experience.
- Provided guidance and problem-solving strategies to fellow designers.

Product Design Intern

Oct 2021 - Jan 2022

Scripbox, Bangalore

- Researched user behaviors and preferences regarding financial products/services, and optimized flows to enhance overall user experience.
- Utilized data-driven insights from **Amplitude** to improve product flows, resulting in increased customer share of wallet.
- Contributed to the development of our in-house design system.

Freelance Designer

Apr 2021 - Sept 2021

Bangalore

- Advised tech startups on product roadmaps and delivered design solutions, incorporating user research, information architecture, interaction design, visual design, and prototyping to address user needs and business challenges.
- Conceptualised and crafted product illustrations for a fitness app, creating engaging assets to enhance the overall user experience.

Visual Design Intern

Feb 2021 - Mar 2021

Webconverts, Bangalore

- Collaborated with UX designers to develop responsive websites for clients.
- Created company marketing collateral Create various graphic design jobs for clients incl.
- Design various advertising materials such as brochures, postcards, business cards, newsletters and marketing packets.
