SUMMARY

Experienced Product Manager with 5 years in startup environments. Proficient in data-driven strategies, market research, documentation, presentation, roadmap & backlog management. Skilled in leveraging customer feedback and data to foster innovation and drive business growth. Deeply immersed in Web 3.0 since 2016, I started trading cryptocurrencies with the motivation to make little money during my undergraduate days. I'm a National Badminton Player from Gujarat who also DJs at prominent venues in Bangalore.
