Self-driven with **9+** years of experience in product management, marketing, and development.

Experience

Founder, BallinApp

MAY 2020 - CURRENT

- Released **Android** and **iOS** versions of a mobile first social community for sports fanatics
- Used **Agora SDK** to build private audio-only conversation similar to Clubhouse
- Integrated **Twitter API** to serve customised feed based on user's interests
- Refactored APIs to a **Serverless Architecture** using **Firebase Cloud Functions**
- Built notification service using **Firebase Messaging** and **Notifee**

Lead Marketing Manager, Rizzle

AUG 2019 - MAY 2020

- Led a three-level marketing team to grow the users by **200x**, with focus on India and the US
- Set key performance indicator (KPI) targets and **monitored day-over-day (DoD) growth**
- Initiated **Influencer Marketing** efforts by partnering with YouTubers across all tiers
- Enhanced social media acquisition through continuous iterations of **creatives and ad copy**
- Managed **Weekly In-App Contests** aimed at expanding the number of content verticals

Lead Product Manager, Rizzle

FEB 2019 - AUG 2019

- Managed a team of **35+** members consisting of UI/UX Designers, Frontend Developers, Backend Engineers, and Quality Analysts
- Set up and **oversaw the implementation of analytics** to track and analyse user behaviour
- **Documented** user interfaces, interactions, APIs, and data models
- **Ran daily scrums** to assign tasks, track progress, and ensure timely delivery

Founder, VSTV

JAN 2018 - JAN 2019

- Built a **web-first live-streaming tool** for sportscasters to create engaging broadcasts
- Designed high-fidelity wireframes using **Sketch**, developed them using **ReactJS**
- Integrated **Web-Sockets** for realtime peer-to-peer communication
- Created and deployed APIs using **NodeJS** and **AWS**
- Used **Twitter API** to fetch and display latest sports news as b-rolls over streams

Co-founder, Viceroy Studios

MAR 2016 - DEC 2017

- **Conceptualised and designed** a watch-along tool
- Partnered with multiple 100k+ strong Facebook communities for **beta-testing**
- **Implemented Facebook Login** for a seamless end-user experience
- **Raised pre-seed** investment from friends and family

Co-founder, Knit Messaging

MAR 2014 - NOV 2015

- Co-founded a mobile first **parent-teacher communication app**
- Raised **\$100,000** in venture capital funding to support development and growth
- Scaled the app to **30K users from 100 schools** by **door-to-door sales**
- **Hired, trained, and supervised** a team of customer relations executives
