Mumbai, Maharashtra | +91-9920325437 | vidit.mahajan31@gmail.com

SUMMARY

A solution-oriented, result-driven professional honed and experienced in equal parts in Sales, Business Development, Procurement, Strategy & Planning and Operations with a track record of overachieving targets and consistent advancement in skills and career growth.

Mentored teams and have been praised for my ability to channel the team's enthusiasm into the achievement of organisational goals

PROFESSIONAL EXPERIENCE

91Squarefeet Pvt. Ltd.

Sales Manager

June 2023 to Current

- Driving outbound sales strategy and execution for the West Zone, leading Business Development and Client Success teams to acquire new logos and grow revenue across key accounts.
- Proactively identifying and targeting high-potential prospects through structured outreach, nurturing leads through consultative selling, and converting them into long-term clients.
- Consistently surpassed sales targets, generating over INR 5 crores in monthly revenue (2X the assigned quota), while maintaining a Net Promoter Score (NPS) of 90+ for project execution.
- Collaborating closely with delivery teams to ensure smooth onboarding and timely, high-quality service delivery for new clients
- Overseeing the execution of projects and ensuring timely and efficient deliveries
- Achieved an aggregate revenue upwards of INR 5 crores per month—2X times the target, with a NPR score of more than 90 for executed projects

Rebel Foods Pvt. Ltd.

General Manager

Apr 2021 to May 2023

- Heading the Business Planning department and entrusted to achieve profitable store operations
- Analysed sales and cost data to infer concern areas and chart out the plan of action
- Managed to turnaround financials of 113 stores (~40% of network) by implementing multiple projects across different regions
- Built projection tools to predict the electricity costs and other fixed overheads

Senior Manager

Aug 2019 to Mar 2021

- Headed the Projects & Capex Procurement teams
- Designed and built cloud kitchens and customer facing outlets with a team of 25 employees.
- Responsible for optimising the floor space to accommodate more than 20 brands
- Managed an annual budget of more than INR 200 crores and delivered budgetary savings to the tune of 15%

BenQ India Pvt. Ltd.

Regional Manager (West Zone)

Jan 2019 to July 2019

- Responsible for developing the corporate and retail markets for Mumbai, Pune and Goa for BenQ India's offerings of Displays, Projectors and Monitors by pitching directly to B2B customers and strengthening the distribution channel

Godrej & Boyce Mfg. Pvt. Ltd.

Sales Manager

Sep 2016 to Jan 2019

- Responsible for solution selling of AV Solutions to corporates and government entities in Mumbai, including displays, video solutions and audio solutions
- Achieved 240% and 180% of my annual targets in FY 17 and FY 18 respectively

Innovation Manager

June 2015 to Aug 2016

- Responsible for working on business problems, using design methodology and coming up with solutions and executing them along with business teams

AGC Networks Pvt. Ltd.

Sales Lead

July 2011 to Sept 2012

- Developed IT infra and AV Solutions business for the organisation by bringing new clients on board

KEY PROJECTS

QuickSource

Nov 2021 to Sept 2022

Designing a unified platform that enables corporations to automate the whole procurement process, from sourcing suppliers to negotiating and finalising transactions online, as well as documenting and archiving the complete procurement process and documents.

Analysis and subsequent Reduction Of Food Wastage

Mar 2021 to Oct 2021

Executed measures and policies to ensure food wastage is controlled at 1.5% of sales per store. Launched storage and usage strategies such as FEFO in retailers to guarantee that primary shelf life expiration is minimised.

Brand performance analysis using CM per sq. ft. and OM per sq. ft.

Jan 2021 to Oct 2021

Examined brand performance utilising contributions margin and operating margin per square foot as measures. Based on the investigation, non-performing and high-cost brands were identified and either discontinued or optimised to yield a higher CM and OM.

Energy Conservation and Cost Optimisation

June 2020 to Oct 2021

Implemented IoT sensors across kitchens to monitor equipment's energy use and made strides to replace or optimise the use of high-energy-consuming equipment. Successfully lowered energy use by 17% during one year. Launched gas-based rice cookers to ensure an increase in throughput and reduction in maintenance cost and electricity usage, resulting in Quarterly savings of 3 crores for the whole network.
