Education

University of Petroleum & Energy Studies, Dehradun
Bachelor of Technology in Computer Science & Engineering

May 2015 – May 2019
Dehradun, Uttarakhand

Experience

Razorpay
Software Development Engineer - 2 (Banking)

Oct 2020 – Present
Bengaluru, Karnataka

- Driving integration of Razorpay's backend systems with API's of leading Indian banks including ICICI, Axis, YesBank & RBL.
- Configured Prometheus alerts and Grafana dashboards to proactively monitor bank success rates, pending payouts, error codes etc.
- Implemented caching using Redis for fetching merchant credentials, yielding approximately a 90% decrease in DB calls.
- Implemented a smart routing engine on top of Go, capturing & using bank performance metrics like bank health, success rates & pending transfers count to route the payment traffic through best performing banks.

Projects

Audio-Video Conferencing App

- Features:
 - Audio & Video conferencing
 - Login using Basic HTTP Auth or Google Based OAuth authentication
 - Paid premium features (customize number of members in a meet, meet duration etc.) with payments powered by Razorpay payment gateway
- Tech Used: Spring Boot, Spring Data JPA, PostgreSQL, HTML, CSS, JavaScript, Thymeleaf
- Github: github.com/varchasva-tiwari/whereby-app

Blogging App

- Features:
 - Logged-In users can create, read, edit or delete blogs. Guest users can only read blogs
 - All users can create, read, edit or delete comments on existing blogs
 - Blogs can be filtered on author, createdAt tags. A specific keyword can be searched across blogs
- Tech Used: Spring Boot, Spring Data JPA, PostgreSQL, HTML, CSS, JavaScript, Thymeleaf
- Github: github.com/varchasva-tiwari/blogging-app

Technologies

Languages: Java, Go, SQL

Frameworks: Spring Boot, Spring Data JPA, Gin

ORMs: Hibernate, Gorm

Databases: MySQL, Redis

Alerting Tools: Prometheus

Additional Experience And Awards

- **Academic:** Was awarded Silver Medal by then Vice President of India (Mr. Venkaiah Naidu) for securing second rank in my batch in college
- **HackOn (Razorpay's In-House Hackathon):** Reached Semi-Finals twice in 2 years
