

Naga Vasanth Korada

Senior Software Engineer - HDFC Securities [*Serving Notice*]

+91 8106237018 | vasanthkorada999@gmail.com | youtube.com/INFYTECH

SUMMARY

- Ex-AbhiBus, Multipl
- AWS Certified Developer Associate & DevOps Professional
- 2x Hackathon winner at Microsoft & JetBrains
- 7x Tech Speaker
- 10+ Apps on Google Play
- 100+ Videos on YouTube (INFY TECH)
- 50+ Repos on GitHub

TECHNICAL SKILLS

- **Backend:** GoLang, Python, Flutter, Distributed Systems, Microservices, Concurrency Patterns
- **Frontend:** Flutter, ReactJS, Android, Kotlin
- **Cloud & DevOps:** AWS (Lambda, S3, EC2), Firebase, CI/CD Pipelines, Serverless, Infrastructure as Code (IaC)
- **Databases:** PostgreSQL, MongoDB, SQL
- **Architecture & Patterns:** MVC, MVVM, Clean Architecture, Microservices, Singleton, Observer, Scalability and Performance Optimisation, Payments, Cloud-native architecture (AWS), RESTful APIs, Microservices, Clean Architecture, Event-driven systems
- **AI Tools & Productivity:** Familiar with modern AI tools like Claude, OpenAI, Lovable, and more — leveraging them to accelerate development, automate routine tasks, and enhance engineering productivity. GitHub Actions, Docker, Prometheus, Elastic Search, AI productivity tools

PROFESSIONAL EXPERIENCE

Senior Software Engineer – HDFC Securities Jun 2024 – Present | Bengaluru, India

- Architecting and scaling internal microservices in GoLang and AWS Lambda; improved deployment speed by 30%.
- Built observability tools and real-time dashboards for trading systems (GoLang + PostgreSQL); reduced incident response by 40%.
- Leading development of multiple payment-related services: Order Management, Investor Portfolios, CDR, and SearchMaster.

Software Engineer – Multipl (FinTech Startup) Nov 2022 – May 2024 | Bengaluru, India

- Refactored legacy monolith into modular GoLang microservices, boosting maintainability and deployment efficiency.
- Integrated Razorpay and PhonePe SDKs for SIP and autopay payment flows across mutual fund instruments.
- Built the Profile Completion Module as per SEBI regulations using Digilocker, KYC, investor profiling, and mandate setup (bank/UPI).
- Developed an Analytics Dashboard to track SIP creation trends and led 2 junior engineers to deliver User Account Creation and KYC workflows.
- Collaborated with cross-functional teams to ensure compliance, scalability, and faster go-to-market for payment journeys.

PROFESSIONAL EXPERIENCE

Software Engineer – AbhiBus (An ixigo Company) Jul 2021 – Nov 2022 | Hyderabad, India

- Re-architected backend from Node.js to GoLang microservices, reducing deployment time by 50%.
- Developed scalable features in Flutter for 5M+ user base, including push notifications and reminders.
- Integrated REST APIs to enable seamless booking and travel experiences.
- Implemented push notification systems and travel reminder services — increased user engagement by 18%

PROJECTS

- **Talent Connect** – Hosted 100+ quizzes with 1000+ students on PlayStore during COVID - GoLang, Flutter, Firebase
- **Weather Wonder** – Flutter-based global weather app using OpenWeatherMap APIs
- **Daily Coding App** – Tracks DSA practice progress; 10K+ installs on Play Store
- **Online Exam Portal** – Used by 10+ institutions for live testing and results automation
- **Sitemap Crawler** – Golang CLI tool to analyze SEO health and index issues
- **Smart Expiry Reminder** – Android app to manage personal product expiries with alerts - Flutter, GoLang and AWS

CERTIFICATIONS

- **AWS Certified Developer – Associate**
- **AWS Certified DevOps Engineer – Professional**
- Programming Certifications in **C++, Python & Data Structures**

ACHIEVEMENTS

- **Hackathon Winner:** Microsoft Azure (2023), JetBrains DevTools (2022), Flutter Interact
- **7x Speaker at DevFest, GDSC, IEEE** on topics like GoLang Microservices, Flutter Modularization
- Content Creator: **100+** educational videos on **YouTube (INFY TECH)**

PORTFOLIO LINKS

- **LinkedIn:** bit.ly/35ilcsa
- **GitHub:** github.com/Vasanth-Korada
- **YouTube:** youtube.com/INFYTECH
- **Play Store:** play.google.com/store/apps/developer?id=Vasanth+Korada
- **Portfolio:** vasanthkorada.netlify.app

TRAITS

- Product thinker with strong design sense and business awareness
- Excited about scaling payment infrastructure for India's next billion users
- Contributor to open source and weekend hacker (GitHub active)
