EDUCATION

LNM INSTITUTE OF INFORMATION TECHNOLOGY

B.TECH. IN COMMUNICATION & COMPUTER ENGINEERING
July 2021 | Jaipur, India
CGPA: 8.5 / 10.0

ST. MARY'S CONVENT
XII ISC COMPUTER SCIENCE
May 2016 | Lucknow, India
Percentage: 95.75 %

X ICSE
May 2014 | Lucknow, India
Percentage: 96.25 %

COURSEWORK

Management Essentials from ISB
Data Structures & Algorithms
Computer Organization & Architecture
Operating Systems
Database Management Systems
Computer Networks & Security
Advanced Programming
Artificial Intelligence
(*Research & Teaching Assistant.*)

SKILLS

PROGRAMMING

Golang • Python • C
Java • HCL • Shell

TECHNOLOGIES

• **Tools** - Terraform • Kubernetes
Docker • MATLAB • AWS
• **Databases** - PostgreSQL • MongoDB
MySQL • Firebase
• **Frameworks** - Ginkgo • Flask
• **APIs** - REST • gRPC • GraphQL
• **Others** - Cloud • Memcached • GitOps
ML • Microservices • Serverless
Multithreading • Prometheus

MANAGEMENT SKILLS

Program Management • Strategic
Thinking • Problem-Solving • Stakeholder
Management • Content Writing

PROFESSIONAL EXPERIENCE

PURE STORAGE

MEMBER OF TECHNICAL STAFF - 3

Jul 2023 - Present | Bengaluru, India

- Research and Development Engineer for **Portworx Data Services (PDS)** SaaS and On Prem.
- Designed and deployed scalable **backup operators** and workers using the **Temporal Workflow Engine**, introducing robust workflow orchestration and fault-tolerant mechanisms that streamlined the backup and restore processes in PDS, resulting in improved system reliability.
- Designed and implemented a scalable **distributed caching system** using Memcached with **consistent hashing**, **auto-scaling**, and **master-slave replication** to optimize performance and reduce database load. Developed a low-latency cache client with cache invalidation, TTL-based eviction, and monitoring, ensuring high availability and fault tolerance.
- Implemented advanced filter and search in PDS to improve data management and user experience.
- Designed and implemented **Identity and Access Management** and **Role-Based Access Control** support for the Resource Manager service in the Portworx platform, enhancing security and access control.

VMWARE

MEMBER OF TECHNICAL STAFF - 2

Aug 2021 - Jun 2023 | Bengaluru, India

- Research & Development Engineer for **Tanzu Mission Control** SaaS.
- Leading **Terraform provider** design and implementation.
- Leading telemetry integration Tanzu Mission Control on-prem, private image registry and proxy support.
- Designed and developed features for Cluster Agent service, responsible for ensuring mTLS secured heartbeat & extension management.
- Built Notification service for SLI-based alerts on **CSP** SKUs.

RESEARCH AND DEVELOPMENT INTERN

Jan 2021 - Jul 2021 | Bengaluru, India

- Added integration and built observability around flapping cluster metrics to monitor the health of clusters that get disconnected intermittently.
- Developing fault-tolerant distributed systems for **Kubernetes** LCM & Cluster API using Golang for Controller and Operators.

AWARDS & ACHIEVEMENTS

2023 **Economic Times Career Ready Class of 2022-23** Winner
2022 Elevate Our Best Award at VMware (twice) for exceptional performance
2021 **Economic Times Campus Stars 4.0** Winner
2019 Voice + Challenge of Facebook and Observer Research Foundation

LEADERSHIP & VOLUNTEERING EXPERIENCE

- Google Developers Group Lucknow** Founder and Lead
- Women Techmakers Ambassador by Google
- IamRemarkable Facilitator
- VP Education for Toastmasters International Club
- Former Google Developer Student Clubs Lead
