WORK EXPERIENCE

Assistant Vice President Wells Fargo

11/2021 - Present

Achievements/Tasks

- Provided oversight of liquidity risk (FR Y-2052a) management controls and frameworks, ensuring compliance with regulatory requirements and internal policies.
- Developed and implemented control testing plans to assess the effectiveness of liquidity risk controls and related governance processes.
- Conducted ITGC tests encompassing Access Controls, Change Management, Data Management, IT Operations and Security Management to ensure robust control environments and compliance with industry standards.
- Prepared comprehensive reports and presentations on liquidity risk governance and control oversight for senior management and regulators.
- Led and managed high-impact projects with a cross-functional team of four members, delivering results and impactful findings to senior management.
- Collaborated with quantitative analysts to refine EUCTs and risk models
- Developed and delivered training programs on liquidity risk management & control procedures to train team members and enhance their risk awareness.

Senior Associate State Street

04/2019 - 10/2021

Achievements/Tasks

- Conducted comprehensive control, substantive and stress tests for CCAR (Capital) regulatory reporting processes, ensuring compliance with regulatory requirements, including FR Y-14A, FR Y-14Q, FR Y-9C and Basel III.
- Assessed control deficiencies and recommended control enhancements, resulting in improved risk management and operational efficiency.
- Assisted in the development and execution of stress tests to evaluate the impact of adverse market movements on the organization's portfolio
- Prepared detailed workpapers, documenting findings, observations, and recommendations for remediation and presented team findings to management.

Executive KPMG

09/2017 - 03/2019

Achievements/Tasks

- Conducted ITGC audits to evaluate the effectiveness of controls and ensure compliance with regulatory requirements and industry best practices.
- Assessed the design and operational effectiveness of key SOX ITGC controls, including logical access, change management, backup and recovery, and IT operations.
- Monitored the status of control implementation and performed follow-up audits to verify the effectiveness of corrective actions taken.
- Managed a team of two and ensured client deliverables met timelines.

Client Support Specialist Ernst & Young

08/2015 - 08/2017

Achievements/Tasks

- Conducted control walkthroughs to identify weaknesses and control gaps in IT processes.
- Participated in the evaluation and testing of IT general controls, including user access management, change management, and system configurations.
